At least one test shall be performed upon commencement of production, importation, or other receipt of such small carpet or rug and every 25,000 units or square yards thereafter.

§ 1631.33 Carpets and rugs with fire-retardant treatment.

(a) For the purposes of this section the following definitions apply:

(1) *Small carpet* and *small rug* means "small carpet" and "small rug" as defined in § 1631.1(c).

(2) *Fire-retardant treatment* means "fire-retardant treatment" as defined in the Standard in subpart A of this part.

(b) If a carpet or rug or small carpet or rug is manufactured, imported, or

otherwise marketed or handled which has had a fire-retardant treatment or is made of fibers which have had a fire-retardant treatment, the letter "T" shall be set forth legibly and conspicuously, and shall appear at all times, on each label and/or invoice relating thereto pursuant to the requirements of the Textile Fiber Products Identification Act, 15 U.S.C. section 70, et seq., and the rules and regulations thereunder, whether or not such letter "T" appears elsewhere on said product. Samples, pieces, rolls, or squares used to promote or effect the sale of such carpet or rug are subject to the aforementioned requirements. As provided in the applicable portions of the aforesaid Act and the rules and regulations thereunder, where a carpet or rug or a small carpet or rug which has had a fire-retardant treatment or is made of fibers which have had a fire-retardant treatment, is sold to an ultimate consumer and was either custom made or commercially installed for such consumer, the labeling required by this section shall not apply with respect to the carpet or rug if an invoice or other paper relating thereto, containing the letter "T", legibly and conspicuously written, is delivered to the consumer in due course of business.

(c) No person subject to the Flammable Fabrics Act shall manufacture, import, distribute, or otherwise market or handle any carpet or rug or small carpet or rug, including samples, swatches, or specimens used to promote or effect the sale thereof, which is not in compliance with this section.

§ 1631.34 Small carpets and rugs not meeting acceptance criterion.

(a) If any small carpet or rug as defined in the Standard for the Surface Flammability of Small Carpets and Rugs (pill test) FF 2-70, is manufactured, imported, or otherwise marketed or handled and does not meet the acceptance criterion of such standard, it shall, prior to its introduction into commerce, be legibly and conspicuously labeled with a permanent label which sets forth the following statement:

§ 1631.61

FF 2-70): SHOULD NOT BE USED NEAR SOURCES OF IGNITION.”

The required cautionary statement may be set out on or affixed to the small carpet or rug on the same label as the fiber content label required to be affixed under the Textile Fiber Products Identification Act, if said label is permanent, or said statement shall be set forth on a separate permanent label on or affixed to the small carpet or rug in immediate proximity to the said required label under the Textile Fiber Products Identification Act. A label on the front of a small carpet or rug shall be considered to be in immediate proximity to a label on the back, provided they are directly opposite each other and are in immediate proximity to the edge of the small carpet or rug.

(b) Such cautionary statements shall also appear in a conspicuous manner in all advertisements in which said small carpets or rugs are being offered for sale through direct mail, telephone solicitation, or under any other circumstances where the consumer, in the ordinary course of dealing, will not have an opportunity to inspect the label before receiving the merchandise. The phrase “Flammable—Read The Label” shall conspicuously appear in all other advertisements of small carpets or rugs which do not meet the acceptance criterion of the standard.

(c) The information required by this section shall be set forth separately from any other information, representations, or disclosures appearing on the same label or elsewhere on the small carpet or rug, and any such other information, representations, or disclosures shall in no way interfere with, minimize, detract from, or conflict with the information required by this section.

(d) Samples, swatches, or specimens used to promote or effect the sale of small carpets or rugs shall be labeled with the information required by this section, in addition to the label required to be affixed to the small carpets or rugs.
